

SMART+GUARD PROTECTIVE COVER

Manufactured in the UK by VimpeX, Smart+Guard is a tough polycarbonate hinged protective cover that can easily be installed over a range of call points, emergency switches and other devices to provide protection from vandalism, accidental damage or misuse.

Available with an integral battery powered alarm, that when lifted emits an ear piercing 90 dB alarm, warning the user that the device is for emergency use only and should not be tampered with.

FEATURES

- Aesthetically pleasing but tough retrofittable protective cover
- Easy to install and can be fitted and protecting devices in minutes
- Optional battery powered 90 dB alarm can be fitted increasing the security and protection of the device it is covering
- Alarm has a 3 year battery life and incorporates a low battery warning LED
- A break seal can also be fitted to increase the visible deterrence against misuse
- Available in 5 colours: red, green, yellow, blue and white
- Three surface mounting spacers are available 18 mm, 32 mm (standard) and 50 mm
